

## SCREEN PRINTING CHEMICALS

# GIR-4U Plus

## Ghost Image Remover

### DESCRIPTION

GIR-4U Plus is a highly concentrated cleaner designed to remove all remaining haze from screens during the reclaiming process. Begins to work on contact and can be reclaimed in less than 5 minutes.

### ADVANTAGES

- ❖ Fast , efficient removal of haze
- ❖ Biodegradable
- ❖ Safe when used according to directions
- ❖ Low cost per usage

### DIRECTIONS

Mix product contents thoroughly in container until a homogenous mixture is achieved. After removing ink and emulsion, apply GIR-4U Plus by brush onto the print contact side of the screen. Scrubbing both side of the screen usually produces better results. Allow to soak for 30 seconds to 3 minutes. Apply a high-pressure, low volume rinse working side to side and bottom to top. A final high volume, low pressure rinse is recommended to remove and trace chemicals. Allow to dry completely before reusing.

### TYPICAL PRODUCT PROPERTIES

Appearance -----	Dark brown liquid
Odor-----	Butyl scent
pH -----	13.5
Specific Gravity -----	1.05
Flash Point -----	150°F
Stability -----	Mix before using
DOT Shipping -----	Corrosive
